

A Forest School Song

Forest School is nice.
There are lots of animals in the ground.
Forest school is nice.
We have to take care of the animals all around.

The sun is bright there are birds in the sky.
Forest school is the best place to be.
Children are running all around.
It is the best place to beeee.

Teachers, teach us how to use wood.
We love Forest School; it is the best place to be
We plant seeds in the soil, and watch them grow,
grow, grow.
We love forest Schoool.
